Explore the clear blue Adriatic Sea, Dubrovnik and the many Elaphite islands of Croatia by sea-kayak. ### Suggested Typical Day:

**Morning:** Our base is the guesthouse, where we meet each morning for breakfast. The main activity in the morning is paddling and we stop en route at hidden beaches and caves for swimming, snorkelling and exploring.

**Lunch:** Whilst kayaking we stop at typical local taverns and restaurants where the food is delicious and prices reasonable. On the islands there are also shops to buy sandwiches or snacks.

**Afternoon:** After lunch we usually take a siesta - as it is the hottest part of the day - where you can swim, snorkel, explore the island or simply relax in the shade and enjoy a coffee. After our siesta we continue our kayaking expedition.

**Late afternoon:** We return to the guesthouse usually in plenty of time to shower and relax before dinner.

**Evening:** We usually dine in a cosy local restaurant. Three dinners are included in price on the full week program and the food is mostly typical Mediterranean with meat or seafood specialities, fresh vegetables seasoned with olive oil and salad. Vegetarian dishes are usually also available.

## Suggested Itinerary:

**Day 1 Arrivals:** Transfer from Dubrovnik Airport or Port with free time in Dubrovnik until 8.00pm when we take the ferry to the island of Lopud. Picturesque Lopud with its rich vegetation and mild Mediterranean climate offers two splendid sandy beaches. With the exception of a few bikes there is no traffic. Highlights also include two 16th century castles and typical stone houses. Tonight there is a 'welcome' dinner – an opportunity to meet other tour members and get the basic information about your holiday from the guide.

Lopud: dinner and overnight.

**Day 2 Paddling to the island of Kolocep:** After breakfast served on the terrace of the local restaurant, we introduce you to kayaking in Croatia in a shallow protected bay: the guide will explain safety procedures and give the tips on paddling technique. We then paddle along the outer scenic side of Lopud to the sandy beach at Sunj where we stop for a swim and a traditional local game of 'picigin'. In the afternoon the paddling is optional to the island of St. Andrew returning to Lopud for dinner and overnight. Approximately 1-hour kayaking introduction, 3 hours paddling, 2 hours snorkelling or swimming. Paddling distance: 7.5km (or 14 km with the afternoon crossing to St. Andrew's Island)

**Day 3 - Paddling: Kolocep – Lopud:** After breakfast we take the boat to the island of Kolocep and then paddle along the coastline beside green forests, breathtaking steep cliffs, stunning blue caves and rock formations. Kolocep offers a stunning coastline with a quiet inland side with a romantic village and sandy beach; and the wild dramatic coastal side facing the open sea. We stop to relax and explore the scenic village of Donje Celو with free time for lunch. In the late afternoon we paddle back to Lopud. Approximately 3 hours of paddling, 3 hours of snorkelling and swimming. Paddling distance: 15 km

**Day 4 - Paddling: Lopud – Trsteno – Brsecine:** After breakfast we kayak across the Kolocep Channel to Trsteno (on the mainland). Trsteno is an old seaside village with a rich history famous for its 15th century Renaissance Park with many exotic trees and plant species. It is in the style of a Dubrovnik summer manor with a villa, pavilion, aqueduct, Baroque period fountain, and many churches. The shady arboretum is a perfect place to relax. In the afternoon we paddle to the pebble beach of Brsecine past more caves and isolated beaches. In the afternoon we return to Lopud. Approximately 3 hours of paddling, 3 hours of snorkelling and swimming. Paddling distance: 15 km

**Day 5 - Paddling: Lopud – Sipan: (Short Break tour finishes this morning with a transfer to Dubrovnik).** Your luggage will be transferred from Lopud to the accommodation in Sudjuradj (island of Sipan) today. After breakfast we paddle to Sudjuradj - sometimes called the Golden Island - Šipan is the largest and most populated of the Elaphite Islands. Much of the island is overgrown with Mediterranean maquis, but there are also many vineyards & olive groves. The charming fishing village of Sudjuradj with traditional limestone houses and Renaissance castles is a delightful place to explore. We dine at local restaurant in Sudjuradj and stay overnight. Approximately 2 hours of paddling, 3 hours of snorkelling, swimming & walking.

**Day 6 - Paddling: Sudjuradj – Sipanska Luka:** We set out for Luka Sipanska (Sipan), once the centre of Authority of Dubrovnik Republic with its natural setting and unique historical buildings. Sipan has an exciting history - including conquerors, aristocrats, and pirates. There are many historic and cultural sites including a fortress, summer manor houses, a monastery and numerous Renaissance and Baroque churches. We cross back to the island to Sudjuradj. Approximately 3 hours paddling, 3 hours snorkelling & swimming. Paddling distance: 14 km

**Day 7 – Optional self-guided paddling:** Today there are some choices and we recommend you take a local bus or walk to Sipanska Luka and then paddle from Sipanska Luka to Sudjuradj from other side of the island. There are many small islets, secluded beaches and pine forests. Our final night is at Sudjuradj. 4 hours paddling 2 hours swimming & snorkelling. Paddling distance: 19 km

**Day 8 – Departure:** After breakfast we transfer from the island of Sipan back to Dubrovnik Airport.
