

GREECE – THE ISLANDS OF THE AEGEAN

E-BIKE TOUR

8-days / 7-nights island hopping & cycling Kos and the sun islands of the Greek Aegean

Explore the magical 'Sun Islands' of the Aegean Sea by bicycle and aboard a comfortable Turkish gulet. These islands are filled with historical monuments and are the source of many legends. Relax while swimming in idyllic bays, enjoy panoramic views, and explore a turbulent, glorious past. Visit ancient Asclepion where Hippocrates, the famous physician, practiced his art. Enjoy the peace of the isle of Lipsi and dive into the atmosphere of the holy island Patmos. The cruise starts and ends in the cosmopolitan seaside resort Bodrum.

Stay on a beautifully crafted PREMIUM PLUS motor yacht, built in the style of a traditional Turkish gulet (sailing boat). The boat has spacious, comfortably furnished cabins and lounge/dining areas: a spacious saloon / bar and outside shaded rear deck area. All cabins are equipped with an ensuite bathroom and air-conditioning. The sun deck has mattresses and cushions and is an ideal place to relax.

This moderate E-bike cycling tour requires a good level of fitness. Routes are 11km to 45km, mostly on sealed roads and often through hilly or mountainous areas with some uphill stretches. E-bikes are a perfect way to neutralise the steeper hills but of course you will still be pedalling.

Day 2: Kos Island

cycling @ 30km

Before lunch we sail to Kos and explore the island by bicycle, with time for a refreshing swim in the Mediterranean. We tour the world-famous archaeological excavation site of the Asclepion, where Hippocrates, the father of modern medicine, practised. We spend the evening in Kos, the lively capital of the island, with its Roman forum, the fortress of the Knights of St. John and the mosques from the time when Kos was part of the Ottoman Empire. While away an hour or two relaxing this evening in one of the town's numerous bars and cafés.

Day 3: Leros Island

cycling @ 30km

In the morning we cruise to the island of Leros with its small harbour. Our cycling takes us to the fort of the Knights of St. John of Jerusalem in Agia Marina and then to the seaside chapel of Agios Isidoros. We hug the coastline and there is time for a swim before rejoining the boat to sail to Patmos Island, weather permitting. Patmos' whitewashed buildings and its towering monastery can be seen from afar.

Day 4: Islands of Patmos and Lipsi

cycling @ 15km

We ride to the grotto where St John is reputed to have received visions of the Apocalypse during his captivity on the island. We discover the famous monastery of St. John of Chora in a village with alleyways and many churches and chapels. Then cycle to a wonderful beach with swimming and refreshments available, before continuing to the port and meet the boat. We cruise on to Lipsi in the afternoon, where there is a divine pastry shop at the port.

Day 5: Islands of Lipsi and Kalymnos

cycling @ 10km

This morning we explore Lipsi by bike, cycling around the whole tiny island, with perhaps a chance to visit one of its secluded beaches. In the afternoon we sail to Kalymnos and the main port of Pothia, where we moor for the night. There is time to explore Pothia's old town and learn about the sponge divers – the sponge-diving industry brought great wealth to Kalymnos in the 19th Century.

Day 6: Kalymnos Island – Kos Island

cycling @ 45km

After breakfast we cycle across Kalymnos. The first impression may be of a rocky and barren place, but as we cycle over the pass from Emporios the green valley opens in front of us. We ride through varied landscapes then return to Pothia for lunch before cruising to Kos town for an overnight stay.

Day 7: Kos Island and Bodrum

cycling @ 25km

Cycle to the Embros thermal spring, where the hot waters of the thermal pool contrast with the cooler sea water. There is ample time for a swim here. After lunch our final cruise of the holiday takes us back to Bodrum, where we can take a walk through the lively old town and view the remains of the famous Mausoleum of Halicarnassus, one of the Seven Wonders of the Ancient World. We have a farewell dinner onboard the boat.

Day 8: Departure day

Tour ends after breakfast.
