For the walker it's an ideal scale with excellent variety. Along the west coast you will find **golden beaches at Alum Bay** while in contrast the north side of the island is marshy and remote. Further inland you come across **secluded forests** and **downland ridges** that give the feeling of being on top of the world.

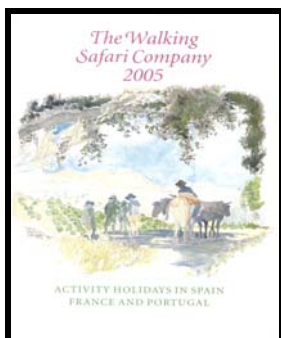

Freshwater Bay House – Isle of Wight: You'll be based in our fine Country House hotel, Freshwater Bay House, named after the semi-circular bay on which it stands, is a famous landmark within yards of some of the finest walking on the island. Steps lead down to a beach, while downland rises just behind the property. Many of the bedrooms have sea views, while others look over gardens and downland. The Isle of Wight is a world unto itself with chalk cliffs, gorse-flecked hilltops and thatched villages.

## NEWS FROM THE WALKING SAFARI COMPANY

We have so many different activities these days that we like to keep our loyal supporters fully briefed and to let you have advance warning of dates for the following year before the brochure is published in October.

**ANDALUCIA:** This spring we have had our first ever House Party and Painting Weeks.

The weather was perfect, the painters were encouraged, helped and guided by our teachers, the golfers were taken off to Sotogrande, from time to time the walkers met the painters in the country for a "picnic lunch" and at other times we all basked in the soft, warm sunshine around the pool here.

This autumn we are looking forward to our third painting week, a 75<sup>th</sup> birthday House Party week, three Battle of Trafalgar Tours, and two Arcos Safari walking weeks of which one (9<sup>th</sup> - 18<sup>th</sup> October) still has some places left. A perfect opportunity to give your selves an autumn treat!

**NEW 2006** At last! Jane is going to run a **Cooking Course** here at Almuña (19<sup>th</sup> - 24<sup>th</sup> March) so you can learn the secrets of her art. This will be run as a series of demonstrations with visits to such places as Algerciras market. Over the years many people have enquired if she would do this and we anticipate a full house. There will be walks, golf and other activities in addition and so all comers will be welcome. **Bird Watching weeks** for beginners and the more experienced - enthusiasm is all that is required! - (24<sup>th</sup> - 30<sup>th</sup> April & 22<sup>nd</sup> - 29<sup>th</sup> October) when the migrations are at their height. We shall spend nights at Almuña and also at the lovely old seaside tow of Sanlucar de Barrameda. From here, early in the morning, cross the Guadalquivir by fishing boat to visit the Cota Doñana and later the Salinas in the hope of watching flamingos, avocets, spoon bills and black winged stilts to mention a few. John Cortes, who many of you have enjoyed on the Ronda Safari, will be our resident expert for the week.

**House parties 2006:** If you are considering putting together a private house party with us this year then you should make contact as soon as possible and also for 2007 if there is an anniversary coming up.

Next year we have two House Party weeks for all comers (13<sup>th</sup> - 19<sup>th</sup> June & 8<sup>th</sup> - 14<sup>th</sup> September). These will be spent at Almuña when the weather will be gorgeously warm with lots of opportunity for swimming and reading. There will be walks organised in the cool of the early morning as the birds are waking up. There will be golf tennis and trips here and there for those inclined. Nothing is obligatory other than to be looked after by us and to sink in to the tempo of Andalucia!

**Painting weeks 2006:** Our first two groups have been a delight and suffice is to say that our three most able and sympathetic teachers are all keen to return next year (7<sup>th</sup> - 14<sup>th</sup> May) with Mandy Butler, (5<sup>th</sup> - 12<sup>th</sup> June) with Caroline Bromley-Gardiner, (15<sup>th</sup> - 22<sup>nd</sup> September) with Judy Strafford. This is a perfect time and place to start a process that will give you hours of pleasure for years to come.

**The Battle of Trafalgar 2006:** This year our three tours were booked up very early and although they still lie ahead of us we are anticipating a lot of education and fun. Next year we shall do at least one (30<sup>th</sup> October - 6<sup>th</sup> November)

**Golf Tour:** Based at Almuña (12<sup>th</sup> - 17<sup>th</sup> March) for the golfer who enjoys playing in good company on some beautiful and interesting courses.

**The Walking Safaris 2006:** Despite having to shut down the campsite the **Ronda Safari** was as much fun as ever staying in the heart of the enchanting village of Cortes de la Frontera and including a most stunningly beautiful walk in the Sierra de Blanca and visiting the Roman amphitheatre of Acinipo. (21<sup>st</sup> - 28<sup>th</sup> May & 23<sup>rd</sup> - 30<sup>th</sup> September). The **Arcos Safari** still includes the family Cortijo at Barranco and the shooting lodge lost in the cork forest beyond Saucedá. (17<sup>th</sup> - 24<sup>th</sup> April, 14<sup>th</sup> - 21<sup>st</sup> May & 1<sup>st</sup> - 8<sup>th</sup> October)

**For more details - and late availability in case you would like to come walking with us this autumn - or to order copy of the new brochure for 2006 contact Outdoor Travel on 1800 331 582.**

The sleepy hamlet of Albiano is our tranquil base where you'll be absorbed into a traditional way of life and relaxed Tuscan lifestyle. Nearby lies the historic walled town of Barga where you can wander around the narrow cobbled streets to the historic cathedral.

## **AUSTRALIAN WALKING HOLIDAYS**

**THE FOLLOWING WALKS CAN BE ARRANGED ON DEMAND FOR GROUPS OF 4 OR MORE**

### **THE BEST OF THE GRAMPIANS WALKING**

6-days easy/moderate walking & farm stay accommodation

The beautiful Grampians rise abruptly from the surrounding plains of Victoria's western districts. Their rock formations, towering cliffs, and the diversity of their flora and fauna have attracted visitors and walkers since the 1860s.

Alternating high rocky ridges and wooded valleys have created a wide range of habitats. The park contains almost one third of Victoria's native flora species, many of them endemic and endangered. There are also over seventy known sites of Aboriginal rock art in this area that the indigenous people call Gariwerd.

Our tour explores a different feature each day; the fantastic rock formations of the Wonderland, moist and shady fern gullies and waterfalls. We spend one day walking up to one of the best lookouts in the area and another day walking to some of the Aboriginal painting sites. We see kangaroos, koalas, possums, colourful birdlife, and wild deer. We stay on a pastoral property in the picturesque Mafeking Valley, scene of the last gold rush in Victoria in 1900. This tour may be joined in The Grampians.

Included: Transport ex Melbourne, accommodation, all meals, wine, entry fees, and guide.

## **BEST OF THE BLUE MOUNTAINS**

7-days moderate walking with accommodation

The Blue Mountains provide some of the best day walking in Eastern Australia. The choice of well-maintained tracks is excellent. Ecologically rich and diverse, there are also links to Aboriginal history and European settlement. Over millions of years, major rivers have carved deep valleys, sheer escarpments, and sculptured rock.

Our walks take in the famous lookouts of the plateau-edge, valleys of superb eucalypt forest, narrow canyons and the deep ferny shade of rainforest. We walk through the Blue Gum Forest, explore the Valley of the Waters, the fascinating Glow Worm Tunnel in the Wolgan River valley, take afternoon tea at the Hydro-Majestic, visit the home of Norman Lindsay, walk to magnificent waterfalls, and the Three Sisters.

We visit some of the fabulous private gardens at Mount Wilson and the Botanical Gardens of Mount Tomah. Our tours are scheduled to see either the glorious autumn colours or the spring wildflowers and massed rhododendrons - definitely the best of the Blue Mountains. Accommodation is in a comfortable guesthouse or lodge.

Included: Transport ex Sydney, accommodation, all meals, wine, entry fees, and guide.

## **TASMANIA FOR WALKERS**

9-days moderate walk with accommodation

This tour combines touring to Tasmania's most beautiful scenery, with walking in the Island's best walking venues.

Starting in Launceston, we explore the dramatic Cataract Gorge before traveling to Cradle Mountain - Lake St. Clair National Park. It protects some magnificent alpine scenery with numerous lakes and mountain peaks. We select the best walks including a section of the Overland Track - one of Australia's best known walking routes. We travel through rain forest to the West Coast town of Strachan and via Queenstown to Mt. Field National Park, the oldest and most popular in Tasmania. The Tarn Shelf walk is outstanding!

We travel into the rugged South West to Strathgorden and walk a rain-forest trail, visit the famous Salamanca market in Hobart and walk in the historic settlements of Richmond and Port Arthur. The tour ends in Hobart, which has easy onward connections.

Included: Twin share accommodation, all transport between Launceston and Hobart, entry fees, most meals, and guide.

## **HIDDEN GORGE**

3-days of moderate walking with camping

Hidden Gorge lies in the Mount Remarkable National Park, amidst some of the most spectacular scenery in the lower Flinders Ranges. It is a small rugged area cut by the Alligator and Mambray Creeks, which have eroded deep, spectacular gorges into the red quartzite.

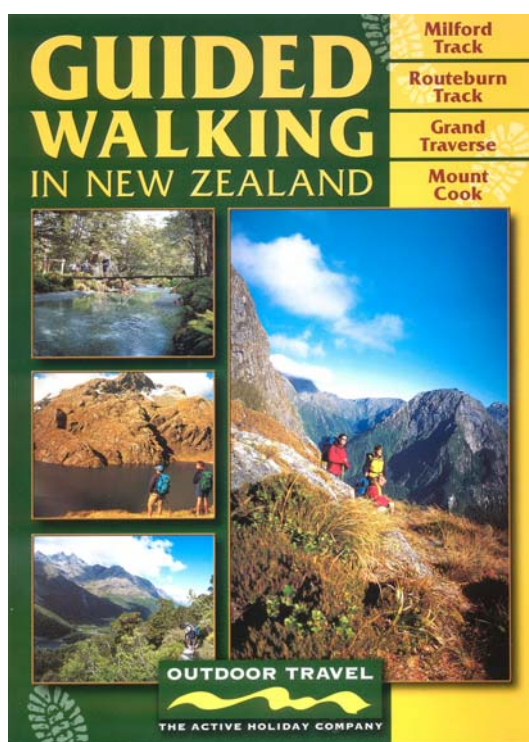

This tour is an easy introduction to pack carrying with one day being pack free while we explore the narrow chasm of the Hidden Gorge. You carry a moderate pack for about 2.5 hours on the first & third days.

There are towering red cliffs, secluded waterfalls, ferns, groves of native pines, sugar-gum forest and ribbons of mighty river red gums along the watercourses. Picturesque waterholes attract native birds and the rare yellow-footed rock wallaby. The diversity of habitats supports a greater abundance of wildflowers than found in the central and northern Flinders.

## EUROPEAN CYCLING HOLIDAYS

The Dordogne and Lot is a region steeped in the past. The caves of Lascaux are home to some of the finest examples of pre-historic art and the area is dotted with Cro-magnon caves and settlements. The area, known to the French as the Périgord, changed hands between England and France several times during the hundred years war resulting in the building of many *bastides* or fortified villages. The village of Rocamadour was an important waypoint for pilgrims making the long journey to Santiago de Compostella and there are many fine medieval churches along the route of our tour.

*In addition to this wealth of history its stunning landscapes of rivers and cliffs, hills and fields of sunflowers and tobacco bless the area. The rich countryside is reflected in the cuisine of the region, famous for its duck and goose dishes, including the celebrated foie gras, its truffles and its cheeses. The area also has its own wine appellations, from the light and fruity Bergerac and Pecharmont in the north to the dark and powerful Cahors in the south.*

*Our itinerary has been created to show off the best of this varied and fascinating region. The countryside is fairly rugged, and there are some hills to tackle, but the route has been designed to ensure that each day's riding will be manageable for anyone with a reasonable level of fitness.*

Departure dates for 2005/6: 4, 11 September 2005, 16, 23 May, 20, 27 June, 8, 15 August 2006

**CALL NOW FOR FURTHER INFORMATION ON ANY OF THESE AUSTRALIAN CYCLE TOURS**

**Did you know.....**A new use for mobile phones has emerged to enable them to be used in an emergency following the recent terrorist attacks in London?

Originally established as a nation-wide campaign in the UK, the idea has rapidly spread across the world encouraging people to enter an emergency contact number in their mobile phone's memory under the heading ICE (In Case of Emergency).

Once the number has been stored, it then allows paramedics or police to be able to contact the designated relative or next-of-kin in an emergency situation.

The campaign, launched in May, was the brainchild of UK 's East Anglian Ambulance Service paramedic Bob Brotchie. "I was reflecting on some of the calls I've attended at the roadside where I had to look through the mobile phone contacts struggling for information on a shocked or injured person. Almost everyone carries a mobile phone now, and with ICE we'd know immediately who to contact and what number to ring. The person may even know of their medical history," Mr Brotchie, a paramedic for 13 years said.

To add more than one emergency contact number, store details as ICE 1, ICE 2 and so on.
