For 2012 we have secured a very limited number of berths (just 5-double/twin cabins) on a unique former 'Gentleman's Yacht' built in 1926. Extensively renovated and restored to a very high standard our hotel barge cruises from the beautiful city of Maastricht in Holland, bordering with Belgium to the 'city of light' Paris.

These cruises offer a high standard of meals and very comfortable cabins plus the opportunity to explore this varied and interesting countryside, with visits to historic and cultural centres and time to sample the wine, beer and local produce that makes this part of Belgium and France so famous. Each day we offer you the freedom of a self-guided cycling route – with detailed maps and route description - to a predetermined meeting point or you can stay on the boat the barge to enjoy the cruise.

Well-maintained, multi-geared Gazelle E-bikes are provided – comfortable, easy to ride and ideal for this route – and a fascinating, varied guided cycling program with time to explore each day's destination.

Each day the route ahead will be discussed in detail. The bike route suggested from Maastricht or Paris will avoid the traffic wherever possible, taking small country roads, towpaths, paved forest trails and the occasional cobblestone road in cities and major towns. In Holland / Belgium you will cycle through relatively flat country mostly along riverbanks or towpaths. In France you can follow country roads and the occasional bike path. Towards Paris the terrain will get hillier and of course the traffic will increase so you may prefer to avoid the traffic by staying on the barge or by taking public transport into the city.

Bike and Barge cruises combines two popular ways of exploring Europe (cycling and river cruising), it allows partners of different abilities and interests to holiday together (trips are just as interesting for non-cycling partners, leisure cyclist OR enthusiasts), you unpack once and come 'home' each night to a wonderful meal and a comfortable cabin with your own bathroom. We'll pass more than 160 tunnels, locks and bridges (most locks are automatic but sometimes you may be asked to lend the lock-master a helping hand)!

Also along the route are delightful (Nordic) walking routes for those who want a change from the cycling. These cruises are particularly spectacular in autumn when the parks, forests woods and orchard leaves are changing colour and the beer and cider harvests are celebrated in many towns and villages along our route.

Our hosts, Captain Mart and Miss Elly's motto is *'Holiday with Friends'*, and they will offer a hearty welcome. The route takes us from Maastricht to Liege and Namur, through Charleroi to Strépy where the ship will be lifted by a special elevator across a river. We'll sail through long tunnels where a small locomotive will pull us through the dark corridors - a truly unforgettable experience! We'll visit old French cities such as Vallancienne, Noyon, Compiègne Creil and Pontoise, gorgeous garden cities where the various Napoleons and French kings built their country homes. We'll sail through **the Somme with its WWI memorials** and Flanders Fields. We will cruise the gorgeous River Oise and the magical River Seine.

In Paris we'll dock in the middle of the city so that you will have more time to discover and explore this enchanting city. Your skipper knows Paris like the back of his hand, and the cook is a real chef who uses his experience and knowledge of the region to ensure a fabulous gastronomic experience, serving a selection of delicious French wines and renowned French cheeses.

The hotel barge has just **five luxuriously appointed twin / double cabins**, finished in the finest cherry wood, each with its own separate bathroom with shower, toilet and so forth (we offer towels and bed linen and a daily maid service). There is a cozy seating area, satellite color TV, a safe, 220 volt electricity network, fax, telephone. The yacht is equipped with internet access, heating for those cooler nights and air-conditioning for warm summer days. You'll also find on board a BBQ, various games, darts, Jeux de boules and so forth.

We provide twelve fine 3 or 4-course dinners prepared by our onboard chef (there are 2-days where you are free to find a restaurant of your choice for dinner at your own expense), with breakfast and a packed lunch, afternoon coffee, tea and fruit each day. The staff and guides are multi-lingual. Personal expenses and bar drinks are not included, but we do supply first class 8-gear E-bikes with helmets, a poncho, lock and panniers. Each day we provide maps and a tour briefing for those who want to go cycling or, on some days, walking.
