BIKE & BARGE HOLIDAYS IN EUROPE

2024

FRANCE – LOIRE CANALS, CASTLES & SANCERRE VINEYARDS

8-days / 7-nights easy to moderate GUIDED cycling on a **STANDARD PLUS** barge, Briare to Nevers or v.v.

Explore the Loire Valley in the heart of France, located between the cities of Briare and Nevers. Follow the flow of the Loire River with easy-to-moderate cycling through the green countryside with little villages, Renaissance castles and palaces, through seemingly endless vineyards and stop for a wine-tasting in the region of Sancerre and the Pouilly Fumé wines. Highlights include the small city of Briare with its picturesque aqueduct, the historic locks at Chatillon-sur-Loire, riding through the Saint Brisson Forest, the Roman town of La Charité-sur-Loire with its 16th Century stone bridge and the historic town of Nevers which is well worth a visit on its own. This cycling cruise includes all meals and ensuite cabin accommodation onboard a traditional style hotel barge with chance to sample the local cuisine that makes this region so famous.

Bike & Barge cruises combine two popular ways of exploring Europe (cycling and river cruising), allowing partners of different abilities and interests to holiday together (trips are just as interesting for leisure cyclists OR enthusiasts). Unpack once and come 'home' each night to a wonderful meal and a comfortable cabin with your own bathroom. Well-maintained multi-geared bicycles with panniers are provided – easy to ride and ideal for the route – and the guided cycling program is fascinating and varied, with free time to explore each day's destination.

We offer this as a guided Bike & Boat cycling cruise; however, you can decide each day if you want to join the guided tour or ride independently. There may be chance to stay on-board to enjoy the cruising instead of cycling on some days but there is no sightseeing arranged for non-cyclists - talk to us for more details for non-cyclists.

Departs:

Briare to Nevers: 27 May, 10, 24 June, 8, 22 July, 5, 19 August, 2, 16, 30 September, 14 October 2024

Suggested itinerary: *subject to change at the discretion of the captain and tour guide. Cycling distances shown are all approximate. Tour operates in reverse direction on alternate weeks.*

Day 1: Arrive in Briare

cycling @ 15km

Plan to arrive by 2.00pm to the barge moored at the town of Briare. Once settled into your cabin, relax with a cup of tea or coffee. You will meet your crew and fellow passengers before a short warm-up ride.

Day 2: Rogny-les-Sept-Écluses

cycling @ 50km

Our barge stays in Briare today and we ride a circular route to lead us to the castle of 'Pont Chevron,' situated on a small, picturesque lake. Around lunchtime reach the village Rogny-les-Sept-Écluses, known for its historical flight of seven locks. Via the 16th Century chateau near Bléneau you will cycle through a region of lakes to Ouzouer-sur-Trézée and eventually back to the barge moored at Briare.

Day 3: Briare – Belleville-sur-Loire

cycling @ 45km

Start today with a visit to the magnificent Briare Aqueduct that carries the Canal latéral à la Loire over the Loire River. The Briare Aqueduct was the longest navigable aqueduct in the world until 2013 when the Magdeburg Water Bridge was opened in Germany. With some luck you might see the barge pass through here, high above the river. In the afternoon ride through St Brissom, home to an impressive medieval castle, past the historical locks of Châtillon-sur-Loire before reaching Belleville-sur-Loire to board the barge.

Day 4: Belleville-sur-Loire – Ménétreol-sous-Sancerre

cycling @ 35km

Sancerre wines, and especially the white wines, are famous all over the world. The first mentioning of winegrowing in this region dates back to the 6th century. Until the 19th century the region mostly grew Pinot grapes, but after a disease that devastated the grapes, Sauvignon is now mostly grown here. The ride today takes you on a picturesque route right across the Sancerre vineyards and through the surrounding villages. In Ménétréol, situated under the Sancerre vineyards, there will be an opportunity to try some wine before returning to the barge.

Day 5: Ménétreol-sous-Sancerre – Cours-les-Barres

cycling @ 45km

After breakfast cycle through the region of the Pouilly Fumé wines to La Charité- sur-Loire, an ancient Roman town. Crossing the 16th century stone bridge to the center, there is a splendid view overlooking the town and its Notre Dame church. Continue towards the destination of today, Cours-les- Barres.

Day 6: Cours-les-Barres – Gimouille

cycling @ 40km

Leave Cours-les-Barres cycling south through woodlands, villages and country estates before reaching the small town of Apremont. In Apremont there maybe the opportunity to visit the 12th-century castle and surrounding fabulous gardens. Later in the afternoon visit the aqueduct over the Allier River with two impressive locks both measuring 9 meters high before reaching the sleepy village of Gimouille on the Canal Lateral du Loire.

Day 7: Gimouille – Nevers

cycling @ 25km

The last cycling day ends in the heart of France with a short ride to the town of Nevers where there are many sites to see including the winding streets filled with houses dating back from the 14th to 17th century. The village has a castle and interesting churches one of these been Saint-Cyr-Sainte-Juliette Cathedral, the construction of this cathedral took place over the 12th – 16th Centuries. As the construction took so long one tower was completed in the Gothic style and the other in the Romanism style. In the afternoon you can take the time to unwind after the weeks cycling by enjoying a local wine on the several terraces in town.

Day 8: Tour ends in Nevers

The tour arrangements end after breakfast.
