

SOUTH WESTERN AUSTRALIA – CAPE TO CAPE TRACK

8-days / 7-nights guided walking based in Margaret River

Walk the length of Western Australia's iconic Cape to Cape Track on this 8 day tour. Starting at the lighthouse at Cape Naturaliste and ending at the waterwheel and lighthouse at Cape Leeuwin, the Cape to Cape Track covers 135km, predominantly along the ridge of the Leeuwin-Naturaliste National Park. Accompanied by spectacular views and never far from the glorious Margaret River coastline, each day offers a plethora of cliff-top vistas, white sand beaches and seascapes. The scenery changes as the route turns inland through the coastal heath with its pretty wildflowers in the season, towards an entirely different landscape, with peppermint and banksia trees to the tranquil, breathtaking beauty of the tall timbered karri forest, so unique to Australia's South West.

Carrying only a day pack, you are free to enjoy the sights of one of Australia's greatest multi-day walks. With transfers included to and from the track, each day the walk resumes from where it left off the day before, so you only unpack once. By walking the Cape to Cape Track as a series of day walks with experienced, knowledgeable guides, those with a moderate level of fitness can enjoy and complete the entire walk. On some days there are options to walk half a day and you are always welcome to take a day off, should you prefer.

A perfect complement to the day's activity, the guides prepare delicious, home-style meals ideally suited to walkers. Stay in the heart of the famous Margaret River wine region with chance to purchase the local wine and we do recommend you take the opportunity to buy some of Western Australia's great wines such as their globally recognised Chardonnay and Cabernet Sauvignon to enjoy with dinner.

Grade: Moderate to challenging with 12km to 25km per day. Walking up to 8 hours per day with ascents and descents and across uneven ground and sand. The challenge of the Cape to Cape is the distance, not the terrain. There are a few long beach sections, some rocks and a good amount of hills but regular walkers do not find the terrain to be too difficult. On some days there are opportunities to shorten the walks. A good level of fitness is required, best acquired by regular walking.

Suggested itinerary:

Day 1 – Transfer from Perth, Start at Cape Naturaliste to Yallingup

Walking distance @ 14km

Meet in Perth CBD in time for your 8am departure for Cape Naturaliste, the starting point of your Cape to Cape walk. Please arrive in your hiking clothes, with your day pack and ready to walk (your main luggage will be transferred). After a picnic lunch on the lawn at the Cape Naturaliste Lighthouse, set off on the Cape to Cape track for a relatively easy cliff-top and beach walk. Keep an eye out for dolphins! At the day's end, the coach will meet walkers at Yallingup and transfer to your accommodation for the next 7 nights, located in a quiet corner of the township Margaret River.

Day 2 - Yallingup to Moses Rock

Walking distance @ 18km (or 10km option)

Start the day with a beach walk and then continue along the path with continuous coastal views. The red granite boulders, white sand beaches and turquoise waters offer a contrasting landscape of great beauty. Enjoy lunch overlooking the surfing Mecca of Injidup and in the afternoon visit Quinninup Falls at Wilyabrup. Finish at Moses Rock, a surf break with rocky outcrops and tidal pools.

Day 3 – Moses Rock to Gracetown

Walking distance @ 16km

Today offers relatively easy walking with a few hills and some sandy patches. The magnificent sweeping views of the coast from cliff-top vantage points, and the towering red rocks of Wilyabrup are two of many highlights. If the weather's nice, you might enjoy a swim in the sheltered bay at Gracetown. Or just soak those feet as you reflect the day on the Cape to Cape track.

Day 4 – Gracetown to Margaret River mouth

Walking distance @ 18km (or 12km option)

Easy walking among coastal heath to Ellensbrook historic homestead, for morning tea and to explore the grounds. Built in 1857, the homestead embodies the history of the south west and is a testament to traditional Wadandi knowledge, resilience and the changing ways of life. The track then heads inland through peppermint and banksia trees. After lunch the route is back on the coast for a beach walk to Cape Mentelle. Finish the day at the Margaret River mouth – a good place for a swim.

Day 5 – Margaret River mouth to Boranup Forest

Walking distance @ 25km (or 14km option)

A varied walk today, firstly heading inland with morning tea beside Boodjidup Brook. Take a beach walk to Redgate for lunch and then a stretch of cliff-top walking reaches shady Contos Campground in time for afternoon tea. The final part of the day is through the cool, peaceful forest on firm, easy tracks to end a great day on the Cape to Cape track.

Day 6 – Boranup Forest to Cosy Corner

Walking distance @ 21km (or 14km option)

This morning we continue through the tall timber of the Karri forest before making our way down towards the crystal waters of Hamelin Bay. The next 6km is along a beach stretch where you can appreciate the peace, the view and the moment as you walk around Hamelin Bay and enjoy picnic lunch on the beach. After lunch it's a short but challenging hike up to the tiny Foul Bay Lighthouse to complete the day.

Day 7 – Cosy Corner to Cape Leeuwin

Walking distance @ 21km

Much of the walking today is along a limestone ledge close to the sea, complete with blowholes. There is a long beach stretch before heading inland, occasionally sighting the Cape Leeuwin Lighthouse. The Cape to Cape track 'end to end' journey officially finishes at the Cape Leeuwin waterwheel but continue on up to the lighthouse, if time permits to the most south-westerly point on the mainland of Australia.

Day 8 – Transfer to Perth

A leisurely breakfast before a visit to Margaret River township, enjoy a coffee and maybe some shopping. Pick up some take-away lunch (at your own expense) before the transfer back to Perth, arriving by mid-afternoon.
