

CZECH REPUBLIC – PRAGUE & BOHEMIA

8-days / 7-nights on the Elbe River, **PREMIUM** Bike and Barge **SELF-GUIDED** cycling cruise

This unique Bike & Barge tour cruises through the heart of Bohemia, starting and ending in 'the Golden City' of Prague. Cruising along the Upper Moldova or Moldau, more familiar by its Czech name Vltava, and the mighty Elbe River, with its river landscapes, picturesque villages and romantic castles, whose history and architecture can often be traced back to the Middle Ages.

Stay aboard a recently refurbished, well equipped and spacious river cruiser. The upper deck cabins feature a small balcony with windows that open, and there are 25 cabins on the main deck with closed windows. All 47 cabins are outward facing with twin beds, they have private en-suite bathroom facilities. They also include climate control, a hairdryer, TV and a safe. The onboard chef prepares national and regional specialties, served up in the restaurant with bar. Comfortable lounge and observation saloon seating areas are available with panoramic windows. There are also deck areas with chairs on the large sundeck.

In Prague the ship is moored close to Charles Bridge near to the restored Market Place, busy Wenceslas Square, the UNESCO World Heritage-listed Old Town and historic Jewish quarter. At sunset the bridges over the Vltava River are ablaze with sunlight and the spires of the castle sparkle in the light and you can see why Prague is called 'the Golden City'. Prague is one of Europe's most beautiful cities with the added bonus of the original Czech 'amber nectar' – the beer, notably Pilsner, for which this area is renowned.

Bike & Barge cruises combine two popular ways to explore Europe (cycling and river cruising), allowing partners of different abilities and interests to holiday together – trips are just as interesting for leisure cyclists OR enthusiasts. You unpack once and come 'home' each night to a wonderful meal and a comfortable cabin with your own bathroom. The self-guided cycling is easy to moderate with daily distances of 25 to 50km mostly on cycle trails, quiet backroads or unpaved trails through forests or fields. Near major centres we cycle on some roads with heavier traffic. The terrain is mostly flat, with some short hills. Non-cycling passengers are welcome but note that whilst there may be activities planned for the evenings there are no sightseeing provisions for non-cyclists during the day. Of course, you can always just relax on board and enjoy life on the river.
